Come out and play

Outdoor Play Week 18th – 22nd March 2013

Playing outside is fun – there's so many exciting things to do! Come and find out for yourself at one of our special FREE Playranger events

Supporting children & young people in imaginative outdoor play

Find us daily after school 3.30-5.30pm at the following locations

- Monday 18th March – Pirbright Village Green
- Tuesday 19th March – Coronation Gardens, Ash
- Wednesday 20th March – Westborough Woods (reservoir site)
- Thursday 21st March – Horshatch Green, Chisworth
- Friday 22nd March – Bellfields Green, Stoke

Fun and exciting drop-in sessions with outdoor play activities aimed at all ages (under 8's welcome but must be accompanied by an adult)

Wear clothes suitable for messy play & all weather conditions

Outdoor Play Week is supported by Guildford Borough Council, The Forestry Commission and Surrey Wildlife Trust. For more details please contact Amanda Pick, Lead Playranger, Guildford Borough Council amanda.pick@guildford.gov.uk 01483 444215

Easter Egg Hunt & Craft Activities

Saturday 30th March
Community Centre Deepcut

Come and enjoy a morning of fun craft activities making Easter Cards, Easter Egg baskets and decorating biscuits followed by an Easter Egg Hunt.

Further details to follow

Welcome from the Commandant

Brigadier A B McLeod, Commandant DCLPA

This will house a number of elements of the Defence College of Logistics and Personnel Administration (which, from 01 April 2013 will be re-named the Defence College of Logistics, Policing and Administration (DCLPA)).

Project WELLESLEY will include the move from, and closure of, Deepcut by the end of 2018. The Princess Royal Barracks will be disposed of via the Defence Infrastructure Organisation (DIO), and Surrey Heath Borough Council has submitted planning applications to develop the site into housing. In time, there will be an additional 1200 new-build houses on the former barracks site, with additional shops and open park areas.

The current Married Quarters patches and the Community Centre will be retained, and will continue to serve Pirbright and other local units. My staff are engaged in a number of areas to ensure that the needs of the military community – now and in the future – are understood and catered for. We will pass on detail as things

become firmer but, in the meantime, there is plenty of information available from College or Station staff, so don't hesitate to ask if you have concerns.

Turning to other, more Community-focussed issues:

There has apparently been increases in car theft from military SFA areas. I urge you to remain vigilant and to report anything suspicious. If you do see anything suspicious, call the Civil Police or the Military Guard Room (01252 833634). At all times, ensure that your house, garage and belongings are secure.

You will note from the Community Centre notices that there is lots going on. These include: dog training; computer courses; youth groups; and pre-school tots groups. Please do support your Community Centre – it's a great Station asset, and the willing volunteers and welfare staff do a great deal to keep the place alive. Please support them in supporting you.

“ With Spring fast approaching, the time is right to bring you up to date on a number of issues of interest to the community here at Deepcut Station.

Many of you may be aware that there is a great deal of work under way that will significantly affect the future of Deepcut. Under the Project title of WELLESLEY, a very large change programme will see the development and build of a new, state-of-the-art College at Worthy Down, near Winchester.

Ministry of Defence Police
General Crime Prevention Advice

YOUR CAR When leaving your vehicle parked and unattended ensure that you remove all valuable items and lock the car; if you have a garage secure your vehicle in the garage.

YOUR SAT NAV Review routes set into any satellite navigation devices you own; remove your 'home' address from your list of favourites or consider renaming it so it is not obvious to potential offenders; in the event that your sat nav is stolen at a location away from your home address, this might indicate to criminals that your property is unoccupied.

YOUR SOCIAL MEDIA Consider what you post on any Social Media you use; don't advertise if you are going away and make your home vulnerable to attack. Service Families; be particularly careful not to post sensitive information in relation to deployments.

YOUR PROPERTY Keep all vehicle keys out of sight and reach of windows and doors. Ensure that external doors and ground floor windows are double locked and keys removed from locks at night or when you leave home. Consider purchasing a simple timer device that you can plug into a lamp, radio or TV simulator to give the impression that your home is occupied when you are away at work or on holiday. Ask a trusted neighbour to draw curtains/collect mail from door mats. Mark your property and register at www.inmobilise.com

YOUR RESPONSIBILITY Never be concerned that you are wasting time by reporting suspicious activity. Report to 101* non-emergency number or 999 in the event of an emergency; pass as much information as you can see or hear without compromising your own safety; avoid making assumptions about the identity of any suspicious persons unless you know them personally and can see them committing an offence or acting in a suspicious way. *NB 101 is only available if you are calling from England and Wales. If you need to contact a police force in England and Wales whilst you are abroad, please use the list of alternative numbers at <http://www.police.uk/alternative-non-emergency-numbers?n=> for the police forces. If you need to contact the Police Service of Northern Ireland please call 0845 600800. For Scotland, further information at <http://www.victimsofcrimeinScotland.org.uk/reporting-a-crime/how-to-report-a-crime/>

SFA RESIDENTS REMEMBER Just because your property and your vehicle are "on the patch" this does not mean that they are secure.

HOME FRONT
Supporting the military community

Free Computer Courses Enrol now

Feel like you are being technologically left behind, want to learn something new or tweak those new found skills? Meet small groups of people in a similar position and learn in a relaxed, friendly and fun environment. Various courses and locations...

Digital Photography Editing – learn the basics of how to get your photographs from your camera to your computer, to edit them, share with friends and family, creating photo albums, photo montages, slide shows, creating a gift CD and much more, all in a relaxed environment!!!

Basic Computing - learn how to use a laptop/computer, to navigate around it, use the mouse and keyboard, make folders, manage your files, use short courses on email and browsing the internet safely.

Intermediate Computing – Moving further on from the very basics but still very relaxed. Short courses using emails, internet, Facebook, File Management and if confident then covering the basics of Word & PowerPoint (which the children are using at school).
